PLANTS

AT THE END OF WEST MOUNTAIN
AVENUE

P. O. BOX 363

FT COLLINS, COLORADO —

We don't attempt to grow everything, even in a retail way. Listed herewith are evergreens of superlative quality which we grow in wholesale quantity; hardy lilies, a Richards specialty; small surplus lots; special bargain offers, and new or noteworthy perennials.

Experienced western planters know the superiority of home-grown stock, know that there's no long wait for home-grown stock to acclimate itself and begin to grow; know that it starts quicker, grows faster, is hardier.

We're proud of our evergreens. In very few nurseries will you see such healthy, thrifty stock. Our men have strict instructions about balling and handling these evergreens; only shapely specimens with solid balls leave our gardens. And time and time again -- our customers tell us "the finest evergreens I ever got!"

Fall planting is worthy of wider trial. We moved several hundred spruces and many junipers last September with a loss of less than 1%. How that did help this April!

Whether or not you take delivery this fall, reserve your stock now, and be sure of having what you need next spring. We've never been able to supply the demand for good evergreens in April. 50% will hold your order and it will get preferred placement in our "order of work" at that busy time.

Prices include B & B but do not include packing which will be charged at cost. If you live within trucking distance we'd like to have you come and select you own -- you get your choice of several thousands of trees and save packing cost -- we make no charge for bulk loading on trucks.

— SPECIAL BARGAINS —

for this fall only. In order to get them moved now rather than next April when we have more than we can do we offer unprecedentedly low prices on hedge and wind-break seedlings. Terms: cash with order, delivery late October or November. We won't hold them for spring delivery at these preices:

RUSSIAN OLIVE, 2-yr.,		per 1000	5000
12/18	inches	\$8.00	\$ 32.00
18/24	inches	10.00	40.00

OBSERVATIONS -- Caragana arborescens is first on Chadwick's "selected list" of large shrubs in "A New Nursery List" published in American Nurseryman. -- Mentor barberry isn't used nearly as much as it should be -- Double pyreth-rums bloom for Memorial day and folks sure do snap up the cut flowers -- Day-lilies will be the next perennial "craze" and the man who stocks up now will reap plenty -- they're still buying plenty iris but not those old wornout kinds -- you never saw nicer, straighter Bolles than those we have now -- our Shasta daisies are "biggies" and I really mean big -- we offer rosa rubrifolia, cotone-aster, hackberry, conifers -- let's get out of the Chinese elm class and sell things that will stay, that we can be proud of ten years from now -- that our customers can be proud of ten years from now.

IT PAYS TO PLANT HARDY
COLORADO-GROWN NURSERY STOCK!

TERMS AND CONDITIONS OF — SALE —

Prices in this list cancel all previously quoted prices, whether by list or by special letter.

Terms are cash with order. We have neither the time nor inclination to do a lot of bookkeeping. We will, however, ship C. O. D. for the balance when 50% of the amount is sent with order. There is no charge for packing bulbs and perennial plants.

Packing of trees and shrubs will be charged at actual cost, except loading bulk trucks for which there is no charge. Transportation is at the risk and expense of the purchaser.

We believe all stock to be true to name and in good growing condition when it leaves the nursery. We hold Colorado certificate of nursery inspection #22 certifying all stock as free from insect pests and plant diseases but as we have no control over future growing conditions we cannot be responsible for its future life, quality, or productiveness.

Any stock which proves untrue to name will be replaced free of charge but in no case shall we be liable for more than the original amount paid for such stock.
